About the PPCLI Foundation:

For more than 100 years, soldiers of the Princess Patricia Canadian Light Infantry have served Canadians with honour and distinction. The PPCLI Foundation was founded to ensure that legacy of our proud military history lives on in future generations.

Since its formation in 2011, the Foundation has raised more than \$2 million in cash and in-kind donations. These funds have been judiciously applied to programs supporting serving soldiers, veterans and their families, families of our fallen soldiers and youth education. The tradition of the PPCLI is woven into the fabric of our Canadian heritage and history for our soldiers, veterans and their families.

Today, the Patricia's represent the most of Canada's 'boots on the ground' deployment both inside and outside of our country. The Patricia's have always been amongst the first in the field with impacts on the regiment shouldering some of the heaviest of casualties. Building on this legacy of service to Canada the PPCLI Foundation has established several projects that enable its noble work to continue in communities across Canada. Our efforts are largely focused in Alberta due to the strong community ties with Edmonton and Calgary.
